My Side of the Conversation

The South Metro Regional Chamber has begun a fund raising effort to provide a service animal to a veteran who has PTSD, Traumatic Brain injury or possibly as the result of a sexual assault. Below are some staggering statistics.

At least 20 Veterans a day who served post 9/11 commit suicide daily.

Roughly 20% of post 9/11 veterans suffer from PTSD – totaling over 700,000 veterans.

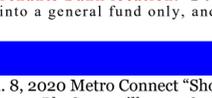

Some of the symptoms of PTSD include; hyper-vigilance, panic attacks, insomnia, depression and feelings of isolation and hopelessness.

The service dogs aide the veteran by: alerting the veteran if someone is approaching and placing themselves between the veteran and the person approaching, waking the veteran from nightmares, giving unconditional love and support and can assisting with a variety of other activities that allow the veteran to better function in society.

Through a research partnership with **Purdue University College of Veterinary Medicine**, there is now scientific evidence that service dogs truly help decrease the veterans' PTSD symptoms and help them to reintegrate into society.

The Chamber is raising funds to provide a service dog. The dog will be named "Dayton" in honor of those who were killed or injured in the Oregon shooting and in honor of our first responders and veterans.

How can you help with this effort? We have a start but we need your assistance. Donations may be made at any Farmers and Merchants Bank branch or mailed to Farmers and Merchants Bank, to Shon Meyers, President and CEO, 41 South First St, Miamisburg, Oh 45342 or to the South Metro Regional Chamber attention Julia Maxton, President, 332 Congress Park Drive, Dayton, Oh. 45459. Please make checks payable to K9 Dayton.

Congratulations! to MAKSolve Business of the Year 2019
